EPSON SALT Floatation tank

The best alternative wellness solution for your business!

✓ 100% Natural Zero side effects ✓ Improved blood circulation ✓ Athletic recovery ✓ Destress & relax ✓ Beauty benefits

Why this system is taking over the hydro market!

Epsom Salt Floatation tanks are an excellent way of combating stress, alleviating muscular aches and pains and for reaching Zen like states of relaxation. Soaking in Epsom salts has been found to stimulate lymph drainage and promote the absorption of Magnesium and Sulphates. Flotation therapy isn't just fun — it also provides a lot of health benefits, such as:

Relaxation, Migraines, Stress relief and detoxification. Self disinfecting and change water every 6 months makes this the lowest maintenance hydro system yet!
