

Aesthetic Slimming

6 in 1 Slimming combo unit

The best aesthetic beauty solutions right here!

- ✓ Cavitation slimming
- ✓ Lipo Laser slimming
- ✓ Radio Frequency body
- ✓ Radio Frequency face
- ✓ Vacuum tech cellulite
- ✓ Full contouring

System Specifications:

Voltage	110/220V
Dimensions	Height 52cm x Length 42cm x Width 43cm
Screen	11,6-inch HD Smart screen
Weight	10kg

6 Handle slimming and shaping technology

40K Cavitation Head: Cavitation causes vibration of the liquid parts inside a fat cell, the vibration erupts the fat cell from the inside out, exposing the fat, and eliminating the fat pocket and membrane.

RF (Radio Frequency) Handle: Radiofrequency tones, tightens and stimulates collagen in the skin. Lifting and firming of areas such as the buttocks, thighs, breasts, face, and eyebags. This unit has a small, medium, and large handle.

Vacuum Handle: Lifts areas and is used to soften the appearance of cellulite.

Laser Lipo: Cold laser lipo ensures to liquify the free fat waste, into a thin oily liquid, making lymph drainage easier after a cavitation session, used on its own, Lipo laser is effective in reducing a fat cell size, as it creates microscopic injuries to a fat pocket, and in turn drains the fat cell.

RF is also an advanced facial aesthetic method, for collagen stimulation, skin glow and anti aging. Toning tightening and lifting the entire face and neck.
