9 Handle slimming and shaping technology

System
Specifications:

Voltage	110/220V
Dimensions	Height 52cm x Length 42cm x Width 43cm
Screen	11,6-inch HD Smart screen
Weight	10kg

40K Cavitation Head: Cavitation causes vibration of the liquid parts inside a fat cell, the vibration erupts the fat cell from the inside out, exposing the fat, and eliminating the fat pocket and membrane.

Radio Frequency Handle: Radiofrequency tones, tightens and stimulates collagen in the skin. Lifting and firming of areas such as the buttocks, thighs, breasts, face, and eyebags. This unit has a small, medium, and large handle. RF is also an advanced facial aesthetic method, for collagen stimulation, skin glow and anti aging. Toning tightening and lifting the entire face and neck.

Vacuum Handle: Lifts areas and is used to soften the appearance of cellulite.

Laser Lipo: Cold laser lipo ensures to liquify the free fat waste, into a thin oily liquid, making lymph drainage easier after a cavitation session, used on its own, Lipo laser is effective in reducing a fat cell size, as it creates microscopic injuries to a fat pocket, and in turn drains the fat cell.

Cold Hammer: Skin firming and assist to maintain elasticity, whilst shrinking pores, lock moisture and reduce wrinkles

Electro Muscle stimulation: Muscle toning and shaping

Bio Photon Handle: Bio Microcurrents stimulate anti aging. Choose between 7 Color photon options: Red: Promote blood circulation, regenerate collagen and treat dryness. Green: Balances normalizes sebaceous glands, reduces blackheads, balances moisture. Blue: Calm skin, suitable for sensitive, oily, and acne-prone skin with lightening Purple: Moisturizes the skin and reduces wrinkles. Orange: Brightens and decomposes pigments. Cyan: Enhance defense ability, protect skin, calms skin. White: Guides the skin to absorb nutrients.
